

Organize your own Traveling Postcard event!

Schools, community groups, family gatherings, women and men's groups are all good opportunities. Individual cards are always welcome! (Please note: If the group is larger than 5+ participants there is a required Facilitator Training before a workshop can be held.)

What do I need?

Pens, cloth, ribbon, old photographs, beads, paints and buttons. Be creative! Anything that you have at home that will fit on a blank homemade postcard is perfect. You will need glue and scissors! This is not a store bought postcard, you will make this yourself!

Write on the back.

Look at the List of Topics and don't worry, your heart will share your wisdom naturally through this creative process. Maybe you understand what resiliency in the face of violence looks like. We want you to share your solidarity, support and wisdom with another woman who is currently living in a women's shelter or been a victim of sexual assault. She will find strength knowing that she is not alone and you will use your voice for positive change!
